

PMS stands for Pantone Matching System. PMS colours are standardized colours listed in the Pantone Colour Matching System. Each Pantone colour has a specific code which printers and manufacturers can refer to in order to ensure colour consistency.

- For a 1 PMS colour envelope, artwork must be supplied containing only one PMS colour
- For a 2 PMS colour envelope, artwork must be supplied containing exactly two PMS colours

All colours must be selected from the Pantone Solid Uncoated palette. A list of Pantone Solid Uncoated colours can be found below:

Please note, all image file formats (except Adobe Photoshop) and all Microsoft Word documents do not support PMS colours. If you are supplying artwork for a PMS colour job, DO NOT supply these formats. Our preferred file type is always press ready PDF's.
